

GREGG AND RUSH ARE EXPOSED

CHARGED WITH HAVING TRIED TO INTIMIDATE AND COERCE GRAND JURY.

CASE OF POLITICAL PERSECUTION

Gregg Has Stated that He Was Affiliated with Haskell and Associates and That No Others Would Suffer.

Tulsa, Ok., May 18.—A sensational allegation concerning the official conduct of Sylvester R. Rush special assistant to the attorney general, and United States District Attorney Gregg of the Eastern district of Oklahoma are made in two petitions filed in the federal court here this afternoon connection with the Muskogee town of fraud cases.

One of the petitions is signed by certain members of the grand jury that was discharged Saturday last by Judge John A. Marshall upon the motion of District Attorney Gregg, who asserted that the jury had been subjected to improper influences. This petition refutes this charge and in turn makes serious charges against both Messrs. Gregg and Rush.

It alleges that in the misconduct before the jury efforts to intimidate and coerce the jury to return an indictment against Governor Charles N. Haskell and the other defendants regardless and contrary to the proof presented, and petitions the court to investigate the juror's allegations.

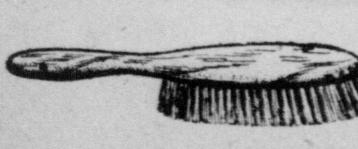

Defendants also filed a response to the motion of district Attorney Gregg, disputing the charges of improper influence. This response alleges misconduct upon the part of Gregg, asserting that he has used the Tulsa World, of which he is stated to be a part owner, to mold sentiment and prejudice the court and grand jury against the defendants; that he stated that he was after Haskell and associates and that no one else would be prosecuted; that he stated to Mr. Allen of Muskogee that he was a personal enemy of William T. Hutchings and would send him to the penitentiary at all hazards, that Gregg's partners in the Tulsa World had stated to a prominent merchant of Tulsa that it was a political prosecution started by William R. Hearst the New York editor, and by Theodore Roosevelt against Governor Haskell. The allegations are said to prove their claim that Gregg is an improper person to conduct the present prosecution before the grand jury.

The discharged grand jurors signing the petition were: G. W. Laws, of Broken Arrow; A. Y. Boswell, Tulsa; Harley Haskings, Okmulgee; P. W. Cunningham, Weleetka; John T. Brown, Bristow; A. L. Rogers, R. Gilliland and G. W. Thompson, of Fort Gibson; and J. A. Todd of Muskogee.

The defendants signing second petition were Governor Haskell, C. W. Turner, W. R. Eaton, W. T. Hutchings, Fred Zevers, A. Z. England and Jesse Hill.

NIGHT RIDERS GET BUSY IN OKLAHOMA

SEEK TO ESTABLISH THEIR OWN TERMS ON RENTAL CONTRACTS.

Eight Men Are Held and Warrants Are Out for Twelve More.

Purcell, Okla., May 18.—Following a change of venue from the county court to a justice court in the township in which the town of Purdy is situated, granted today to eight men charged with being members of an organized band of night riders, County Attorney Benjamin Franklin issued warrants for twelve other men believed to be members of the organization. Arrests will be made tomorrow. They all reside in the vicinity of Purdy, twenty miles west of here. The eight men were arrested ten days ago. They are to be arraigned Friday at Purdy.

County Is Infested.

That McLain county is infested with one of the worst gangs of night riders in the south is the belief of County Attorney Franklin, whose hands have been filled with letters of a threatening nature and to whose office have come reports of houses burned, men and women frightened and serious depredations of property. He declared today that other warrants may be issued this week and that he has evidence to prove that a hundred men are in the night rider organization.

The threatening letters exhibited have all been printed either with a pencil or pen and appear to be the work of the same hand. The most serious ones relate to the renting of lands, demanding a basis of rental and that certain tracts shall or shall not be rented to certain individuals.

One of these letters Mr. Franklin exhibited today. It is addressed to F. R. Jones, a farmer residing near Purdy, and is as follows:

"Don't you rent your place to any one but Spencer. He wants the place. If you don't let him have the place we will take your scalp. We will hang you to a limb and shoot your body full of holes. Now, damn you, walk straight, deal honest and you will be all right. Spencer must and shall have the place. We mean what we say."

NIGHT RIDERS."

Community Terrified.

Letters in a similar vein have been addressed to other men in the community. The eight men arrested ten days ago had charges made against them by Robert Brown and J. R. Worley, who have given the county attorney many clues to be employed in the prosecution. Since the men were arrested both Brown and Worley have been warned to leave the state. Their lives have been threatened and a situation resembling the beginning of a reign of terror exists in the community.

Closing of the Public Schools.

Last night at the Airdome was given the first of the series of entertainments for the closing of the public schools. The grade entertainment was a decided success both financially and otherwise. The little folks did credit to themselves and also to their teachers and their parents. The ease and grace with the more than two hundred children taking part in the program acquitted themselves showed careful preparation on the part of the teachers. The costumes indicated painstaking care on the part of the mothers. The program consisted of choruses, recitations, dialogues, costume songs, a drill, a play, a short lecture and a pantomime. Mrs. Shafrazi and Miss Lucas furnished the music. Prof. Kennedy and Miss Pearl Hendrix with a number of pupils of Collins Institute were the guests of the public schools at the entertainment.

Gore Has Ready Refrets.

At times provoking much merriment with his ready retort and denouncing protective tariff policy, Mr. Gore spoke until 2 o'clock when under the rules of the senate, the unfinished business, which was the tariff bill was to be taken up. Before that was done in response to an appeal from Mr. Bailey the senate agreed to vote on Mr. Gore's resolution amended as suggested by Mr. Bailey, so as to require the appointment of a select committee of four republican and three democratic senators to conduct the investigation asked for and by a vote of 50 to 29, it was referred to the committee on finance. Senators Bristow, Crawford and La Follette voting "no" with the democrats.

J. B. Giles Returns.

J. B. Giles, who has been in a Fort Worth, Tex., hospital for several days returned to his home in Ada yesterday. Mr. Giles, while away, was operated on for abscess of the liver. The operation was a complete success and he is back home a new man, sound and well.

Charlie Smith has returned from Southern Texas where he has been recuperating for several months. He will serve his many friends at the post office for a while.

SENATOR GORE WANTS THE PEOPLE TO KNOW

COMMITTEE ON FINANCE SHOULD ASCERTAIN THE CAUSE OF EXORBITANT PRICES.

Resolution Is Introduced Which Would Cause More or Less Exemption in Financial Circles.

Washington, May 18.—Senator Gore's resolution directing the committee on finance to conduct an investigation into wholesale and retail prices of commodities was discussed before the senate today at some length. Seeking to have the resolution adopted, Mr. Gore said he wished to have statements concerning the exorbitant prices of retail dealers fully probed, so that the country might know just where the responsibility for high prices rested.

Senator Aldrich said it was evident that such an investigation as that contemplated by the resolution could not be conducted before the pending tariff bill was disposed of, but he had no objection to such an investigation being undertaken. Senator Carter pointed out that in doing this work the Finance Committee would necessarily investigate the same ground which the proposed tariff commission would cover.

Cotton Manufacturers.

That the cotton manufacturers sell their products with an agreement as to the price at which they are to be sold at retail was the substance of a charge made by Mr. Owen. Demanding proof of this assertion, Mr. Gallinger said that what the country is demanding is prompt action on the tariff bill. He added that it had been asserted that the business interests of this country were losing \$10,000,000 a day by the holding up of the tariff bill. Referring to the pledge of the republican party to make the tariff rates equal to the difference in cost of production here and abroad, Mr. Owen said it was the duty of the majority to inform the senate as to what that difference was.

Mr. Aldrich replied that the committee had done much to furnish such facts, but the Oklahoma senator contended there was no available information of the kind wanted.

Carter Urges Speed.

Mr. Carter made an impassioned appeal for a business-like proceeding. Every morning, he said, "some Senator arises in his place here to defend the country merchant from a charge that has never been made." No charge of extortion, he said, had been lodged against the retailer. Suggesting a select committee to obtain the information desired by the Senator from Oklahoma, Mr. Bailey said he did not wish to make any charge against the republican members of the committee on finance as the committee adopted a rule that the democratic members might employ all the experts they wanted. "They," said Mr. Bailey, "are bad enough at best and I am not willing to charge them with being worse than they are."

Oil Men Jubilant.

The company of local capitalists who have an oil lease near Okmulgee are elated today over the report that a stream of oil is flowing across their claim that would float a steamboat. George Thompson is at the head of the enterprise and his associates assert that they expect to procure a court order changing his initials to J. D. When the family becomes accustomed to that they will then substitute Rockefeller for Thompson, when the evolution will be complete.

BUYS BACK HIS CHILDREN.

Four Sons Are Mortgaged to Raise Money on Which to Reach America.

Spokane, Wash., May 18.—When Daniel Mann, a farm laborer, employed by John Kranish on his Moran Prairie ranch, five miles from Spokane, cabled a money order for \$1,200 to Genoa, Italy, today, he released his four sons, ranging from 20 to nine years of age, held there as security for funds he borrowed several months ago to bring his wife and four daughters to Spokane. Prominent residents of Spokane county have interested themselves in the case, and they say if a settlement is not made by a steamship agency at Bremen that suit will be instituted to recover damages.

Briefly told, Mann's story is that he and his family of 10 left the village of Kuraka, Russia, on October 2, 1908, for Germany, intending to sail from Bremen to New York and travel thence by rail to eastern Washington and that when they reached the sailing point the steamship agent induced them through misrepresentation to go to Brazil; that they were forcibly detained in an immigrant house in the forest near Prosttenort, where one of the children died, and finally he was swindled out of \$1,000, the savings of a life-time of toil in the Czar's land. They managed to reach Genoa, where he was forced to leave four sons as a guarantee to repay money advanced by Michael Loutfi, who took pity on the family's plight.

"We found thousands of men, women and children on the densely timbered and rocky lands in Brazil bewailing their fate," Mann said. "Like ourselves, they were immigrants from Europe. We were warned there not to tell any one about the real condition of the country, and, in fact, we were told that death by hanging was penalty for saying anything about what we saw and the way we were treated by the officials in the immigrant house. I was told that a dozen others had been executed for disobeying this injunction."

AN ADDITIONAL ARREST.

Mack Lee Is the Latest Addition to the Suspects in Scribner Case.

Late yesterday afternoon Mack Lee, of near Citra, was arrested and placed in jail on a warrant connecting him, it is supposed, with the Scribner and Putnam murder cases. It appears from the best information obtainable, that these two cases are now inseparable, that is that the murder of Mrs. Frank Scribner grew out of the murder of Zeke Putnam, and is only a sequel to it. Information that sifts through from a grand jury room is always meager, but the current information is that the two cases are connected, whoever may prove to be guilty. Various theories have been advanced as to the possible guilt of various parties, but certain it is that the grand jury's investigations will be interesting when made public, for the reason that these are noted cases in which the whole community is much interested. If it should develop that those who are in jail on the charge of murdering Mrs. Scribner are also guilty of the murder of Putnam, then the murder of Mrs. Scribner will be plain enough, for the reason that in all likelihood she had become informed as to the facts in the Putnam case.

Mack Lee is a well to do farmer and stock man of the Citra community, is a director in the Farmers State Bank, of this city, and a son-in-law of R. C. Couch. Just what connection he is charged of having had with the cases is not definitely known at this time.

So They Say.

Charles N. Haskell once chased a man with a pitchfork, according to a historical sketch in the Muskogee Phoenix. He was then fourteen years of age and ambitious to secure an education. His guardian, a stern old man, thought only of young Haskell's ability to perform manual labor and went to the extreme of applying the switch to his ward when discovered at study. Aided and encouraged by his foster mother, however, young Haskell finally stood the examination to become teacher of a country school. It was when this fact became known to the old farmer that Haskell had to defend his back from a blacksnake whip by chasing his father around the barn with a hay fork. That ended his life as a scapegoat and was the beginning of a hard uphill struggle to make a man—a governor.

Ever since that time Haskell has been chasing the fellow who was seeking an undue advantage over the weak.

"Entered as Second Class matter,

Ada, Okla., under the Act of Congress of March 3, 1879."

OUR GUTHRIE CORRESPONDENT

Guthrie, May 18.—At the earnest solicitation of many prominent republicans and democrats, Leo Meyer, assistant secretary of state, has caused to be printed the Taylor election law amendments and those parts of the old election law that were not repealed.

A silly attack was made upon Mr. Meyer by this morning's state Capital because of this fact. The article in question objects to this because the tax payers must pay the bill. Nothing is of more importance to the tax payers than a knowledge of this and other important laws and it is an imperative duty of Mr. Meyer to let the people know the exact truth in regard to these much discussed amendments. There are within the State of Oklahoma nearly 8,000 election officers who have had no other means of knowing what the law is except the newspaper reports, many of which were entirely misleading.

The secretary of state is the custodian of all laws, passed by the legislature, and Mr. Meyer was assuming no authority in compiling the election law for the election officers and tax payers but was merely transacting his sworn duty.

This is the same tactics that was pursued by the State Capital and kindred publications after the constitutional convention in order to discredit the constitution. Every one remembers how the State Capital continually asked the question "Which constitution are you going to vote upon, the real constitution or the one Cuckle Burr Bill carries in his hip pocket and changes at his will, or the one passed by the convention." Now they ask "Which law are you voting upon, the one passed by the legislature or the one being compiled by Secretary Meyer?" Once they said the citizens of the state are being bunched by the democrats by being given a spurious copy of the constitution to discuss in which they have eliminated the objectionable points. Now they say the people are being imposed upon by democratic officers by being given a doctored copy of the election law eliminating the objectionable features. The esteemed Capital and all lesser liars are entitled to the same consideration now that they were succeeding the constitutional convention, except that then their reputation for truth and veracity was not quite so utter-

ly annihilated as it now is. The copy of the law prepared by Mr. Meyer is the law democratic officials have never mislead the people and do not intend to. This is merely an attempt on the part of the State Capital to try to cover up the lies it has already told.

A session of the interstate commerce commission will be held at Oklahoma City May 20th to consider a complaint made by the corporation commission in the matter of an overcharge of lumber shipped to the Crawford-Roberson Lumber Co. of Duncan, Okla. The overcharge is alleged to be over \$2600.

Jack Love, chairman of the corporation commission will deliver an address before the Grain Dealers Association at Oklahoma City tomorrow. His address will be on the subject of railroad rates.

The attempt on the part of the federal government to persecute Gov. Haskell and his associates is being severely criticised here. The latest move, that of dismissing a grand jury because they failed to see enough evidence to warrant a true bill, and the summoning of another grand jury in the hope that it will be more bailable is regarded by many as an unwarranted and tyrannical action. Every attempt of this character serves to strengthen the governor's hold upon the affection of the people, and even though the federal government succeeds in finding a jury that will finally do the will of the prosecutors in this matter, there is no fear of an ultimate conviction.

The board of regents of the Girls' Industrial school will meet at Chickasha on Thursday and Friday for the purpose of selecting a site for the school and electing the faculty for the coming year.

School Men Notice.

To County Superintendents:

In the Matter of School levies for 1909, Sec. 3, Article 8, House Bill 168, approved March 10, provides as follows:

"All levies for cities, towns and townships and school district taxes for the periods hereinbefore indicated, shall be made in the manner provided by law on or before the second Monday in July of each year, and shall be certified to the county clerk immediately thereafter, and by him extended upon the tax rolls in the manner provided by law."

It is, therefore, not necessary that the school districts make the 1909 levy at the annual school meeting, which is to be held June 1st. By deferring the making of this levy until the second Monday in July the County Clerk will be enabled to certify to the clerks of the various school districts the total equalized valuations for the year 1909 which will give the district board definite information that they may determine the exact amount of the levy required to raise funds for the ensuing year. Please advise each school district, therefore, to arrange for an adjourned meeting on the second Monday in July for the purpose of fixing the annual school levy.

One Dollar Will Make You Two in Glenwood

The Big Fortunes in Oklahoma have been made in City Property--not in one city alone but in dozens of them.

Ada is a comer--come along

The splendid growth of Ada is creating a constant demand for resident lots. This reason impels us to place on the market the beautifully located

Glenwood Addition

Located on the North side of Main street, four blocks west from business on high, well drained ground overlooking Glenwood Park to which the city has a deed and will immediately proceed to beautify with grassy lawns, flower beds, graveled drives, shade trees, rustic bridges, a lake, pavillion, etc., making it the

Beauty Spot of Ada

and Glenwood Addition the choicest residence section. The great argument used by cities in favor of the creation of parks is that it doubles the value of real estate in the vicinity, thus giving enough increased assessable values to take care of the cost.

The money is in the City Treasury to make these park improvements and when they are completed you will see a rapid rise in Glenwood lot prices.

Buy Now

and get the advantage of the increase

Don't Wait

to see if these things are going to happen for if you do prices may be out of your reach and you will have lost another opportunity.

No Matter

Where the various industries may locate you are central and not dependent upon any single one but have the entire city behind your property value. The best property is close in property and especially where it is as good as the best and as cheap as the far out property.

This is the last opportunity for the better class of people of limited means to secure a choice home site close in for a small amount of money.

"A prophet is not without honor save in his own country and in his own house."

So it is with many of the people of Ada, they do not appreciate or realize what we already have behind our city nor the varied and substantial resources we have upon which to base our future growth.

No City in Oklahoma

of double the population of Ada can show as large a pay roll.

The inspector for one of the leading city loan companies remarked to the writer a few days ago that nowhere in Oklahoma in towns of similar size to Ada was property as cheap and that an increase in values was sure to come.

Ada has never been advertised but its light will not always be hid under the half bushel. The city is beginning to be talked about as one of the goodcities of the state with a bright future.

SOMEWHERE in southeast Oklahoma a large city is going to be built. Study your map and you will find that Ada has the advantage of location. Nature gave it to her. The ride between the two Boggies and Sandy gave us the Frisco. Being at the head of Boggy Central. We are in the pathway to the coal and the gulf. Other roads will come because of what we have. Factories will come because they can reach more customers out of Ada than elsewhere. History will repeat itself here the same as in other new countries. Its merely the law of supply and demand—that of supplying the demands of each section through these centers of distribution.

More good things are looming up—the impetus is gathering that will whoop along the growth of Ada and make its property owners rich. It will be your own fault if you are not one of them. Glenwood lots are within the reach of all and your profit is certain. Don't miss this opportunity.

POLITICS AND POLITICIANS

Cone Johnson, for many years prominent in Texas political affairs, has announced intention to become a candidate for the governorship.

T. J. Akins, for a number of years republican state chairman of Missouri, has been appointed postmaster of St. Louis.

The inauguration of Governor Brown of Georgia probably will take place on Saturday, June 26, three days after the legislature convenes.

The nomination of Theodore Roosevelt for mayor of New York City is proposed by Gen. Stewart L. Woodford, diplomatist and ex-minister to Spain.

Howard G. Cosgrove, son of the late Gov. Samuel G. Cosgrove of Washington, has been appointed a member of the board of regents of the University of Washington.

Ex-Governor Robert Lowry of Mississippi, who has been seriously ill for some time, is reported on the road to recovery. Gov. Lowry, who is nearly eighty years old, retired from public life several years ago.

The West Virginia cities of Charleston, Huntington and Bluefield are going to experiment with municipal governments under a bi-partisan form of administration, following the so-called Galveston plan with some modifications.

Liquor drinking politicians are barred from holding office under the Stubbs administration in Kansas. The governor has notified all subordinate officials that indulgence in liquor will be considered sufficient cause for dismissal from office.

Republican politicians in Virginia are considerably disturbed over the gubernatorial situation. A. P. Gillespie of Tazewell, who was expected to become the candidate for governor, has notified his friends that his private affairs will not permit him to accept the nomination.

Charles H. Mills of Corsicana is expected to enter the gubernatorial race in Texas. Mr. Mills is the son of Hon. Roger Q. Mills, former United States senator, and has very pronounced views upon the subject of government and public service which he has not hesitated to express upon occasion.

Richard E. Sloan, the new governor of Arizona, is a resident of Pres-

Notice to Contractors.

The incorporated City of Ada, Oklahoma, will receive sealed bids until six o'clock P. M. May 31, 1909, at the office of W. B. Jones, City Clerk of the City of Ada, Oklahoma, for the construction of extensions to the water works system. The work covered by the proposal will consist of laying complete 16,160 feet 4 inch Universal Pipe, setting all hydrants, valves and fittings, taking up and laying 1140 feet 2 inch Universal pipe, all to be done in accordance with

plans and specifications prepared by the city engineer and now on file in his office and in the office of the city clerk. Each bid must be accompanied by a certified check, equal to five per cent of the bid, which check will be forfeited to said city in the event of the successful bidder failing to enter into contract and execute a construction bond that is satisfactory to the Mayor and city council within the time as given in the proposal. All bids submitted to the council must be made upon blanks furnished by the city engineer. The suc-

cessful bidder shall be required to execute unto said city a good and sufficient bond, equal to 30 per cent of the contract price to guarantee the faithful performance of said work.

Four per cent of said contract price shall be paid unto said city for engineering expenses. The said City council reserves the right to reject any or all bids, to waive defects and to accept any bid.

GREGG AND RUSH ARE EXPOSED

CHARGED WITH HAVING TRIED TO INTIMIDATE AND COERCE GRAND JURY.

CASE OF POLITICAL PERSECUTION

Gregg Has Stated that He Was After Haskell and Associates and That No Others Would Suffer.

Tulsa, Ok., May 18.—A sensational allegation concerning the official conduct of Sylvester R. Rush special assistant to the attorney general, and United States District Attorney Gregg of the Eastern district of Oklahoma are made in two petitions filed in the federal court here this afternoon connection with the Muskogee town of fraud cases.

One of the petitions is signed by certain members of the grand jury that was discharged Saturday last by Judge John A. Marshall upon the motion of District Attorney Gregg, who asserted that the jury had been subjected to improper influences. This petition refutes this charge and in turn makes serious charges against both Messrs. Gregg and Rush.

It alleges that in the misconduct before the jury efforts to intimidate and coerce the jury to return an indictment against Governor Charles N. Haskell and the other defendants regardless and contrary to the proof presented, and petitions the court to investigate the juror's allegations.

Defendants also filed a response to the motion of district Attorney Gregg, disputing the charges of improper influence. This response alleges misconduct upon the part of Gregg, asserting that he has used the Tulsa World, of which he is stated to be a part owner, to mold sentiment and prejudice the court and grand jury against the defendants; that he stated that he was after Haskell and associates, and that no one else would be prosecuted; that he stated to Mr. Allen of Muskogee that he was a personal enemy of William T. Hutchings and would send him to the penitentiary at all hazards, that Gregg's partners in the Tulsa World had stated to a prominent merchant of Tulsa that it was a political prosecution started by William R. Hearst the New York editor, and by Theodore Roosevelt against Governor Haskell. The allegations are said to prove their claim that Gregg is an improper person to conduct the present prosecution before the grand jury.

The discharged grand jurors signing the petition were: G. W. Laws of Broken Arrow; A. Y. Boswell, Tulsa; Harley Haskings, Okmulgee; P. W. Cunningham, Weleetka; John T. Brown, Bristow; A. L. Rogers, R. Gilliland and G. W. Thompson, of Fort Gibson; and J. A. Todd of Muskogee.

The defendants signing second petition were Governor Haskell, C. W. Turner, W. R. Eaton, W. T. Hutchings, Fred Zevers, A. Z. England and Jesse Hill.

NIGHT RIDERS GET BUSY IN OKLAHOMA

SEEK TO ESTABLISH THEIR OWN TERMS ON RENTAL CONTRACTS.

Eight Men Are Held and Warrants Are Out for Twelve More.

Purcell, Okla., May 18.—Following a change of venue from the county court to a justice court in the township in which the town of Purdy is situated, granted today to eight men charged with being members of an organized band of night riders, County Attorney Benjamin Franklin issued warrants for twelve other men believed to be members of the organization. Arrests will be made tomorrow. They all reside in the vicinity of Purdy, twenty miles west of here. The eight men were arrested ten days ago. They are to be arraigned Friday at Purdy.

County Is Infested.

That McLain county is infested with one of the worst gangs of night riders in the south is the belief of County Attorney Franklin, whose hands have been filled with letters of a threatening nature and to whose office have come reports of houses burned, men and women frightened and serious depredations of property. He declared today that other warrants may be issued this week and that he has evidence to prove that a hundred men are in the night rider organization.

The threatening letters exhibited have all been printed either with a pencil or pen and appear to be the work of the same hand. The most serious ones relate to the renting of lands, demanding a basis of rental and that certain tracts shall or shall not be rented to certain individuals. One of these letters Mr. Franklin exhibited today. It is addressed to F. R. Jones, a farmer residing near Purdy, and is as follows:

"Don't you rent your place to any one but Spencer. He wants the place. If you don't let him have the place we will take your scalp. We will hang you to a limb and shoot your body full of holes. Now, damn you, walk straight, deal honest and you will be all right. Spencer must and shall have the place. We mean what we say."

NIGHT RIDERS. Community Terrified.

Letters in a similar vein have been addressed to other men in the community. The eight men arrested ten days ago had charges made against them by Robert Brown and J. R. Worley, who have given the county attorney many clues to be employed in the prosecution. Since the men were arrested both Brown and Worley have been warned to leave the state. Their lives have been threatened and a situation resembling the beginning of a reign of terror exists in the community.

Closing of the Public Schools.

Last night at the Airdome was given the first of the series of entertainments for the closing of the public schools. The grade entertainment was a decided success both financially and otherwise. The little folks did credit to themselves and also to their teachers and their parents. The ease and grace with the more than two hundred children taking part in the program acquitted themselves showed careful preparation on the part of the teachers. The costumes indicated painstaking care on the part of the mothers. The program consisted of choruses, recitations, dialogues, costume songs, a drill, a play, a short lecture and a pantomime. Mrs. Shanafelt and Miss Lucas furnished the music. Prof. Kennedy and Miss Pearl Hendrix with a number of pupils of Collins Institute were the guests of the public schools at the entertainment.

J. B. Giles Returns.

J. B. Giles, who has been in a Fort Worth, Tex., hospital for several days returned to his home in Ada yesterday. Mr. Giles, while away, was operated on for abscess of the liver. The operation was a complete success and he is back home a new man, sound and well.

Charlie Smith has returned from Southern Texas where he has been recuperating for several months. He will serve his many friends at the post office for a while.

SENATOR GORE WANTS THE PEOPLE TO KNOW

COMMITTEE ON FINANCE SHOULD ASCERTAIN THE CAUSE OF EXORBITANT PRICES.

Resolution Is Introduced Which Would Cause More or Less Extent in Financial Circles.

Washington, May 18.—Senator Gore's resolution directing the committee on finance to conduct an investigation into wholesale and retail prices of commodities was discussed before the senate today at some length. Seeking to have the resolution adopted, Mr. Gore said he wished to have statements concerning the exorbitant prices of retail dealers fully probed, so that the country might know just where the responsibility for high prices rested.

Senator Aldrich said it was evident that such an investigation as that contemplated by the resolution could not be conducted before the pending tariff bill was disposed of, but he had no objection to such an investigation being undertaken. Senator Carter pointed out that in doing this work the Finance Committee would necessarily investigate the same ground which the proposed tariff commission would cover.

Cotton Manufacturers.

That the cotton manufacturers sell their products with an agreement as to the price at which they are to be sold at retail was the substance of a charge made by Mr. Owen. Demanding proof of this assertion, Mr. DeGollier said that what the country is demanding is prompt action on the tariff bill. He added that it had been asserted that the business interests of this country were losing \$10,000,000 a day by the holding up of the tariff bill. Referring to the pledge of the republican party to make the tariff rates equal to the difference in cost of production here and abroad, Mr. Owen said it was the duty of the majority to inform the senate as to what that difference was.

Mr. Aldrich replied that the committee had done much to furnish such facts, but the Oklahoma senator contended there was no available information of the kind wanted.

Carter Urges Speed.

Mr. Carter made an impassioned appeal for a business-like proceeding. Every morning, he said, "some Senator arises in his place here to defend the country merchant from a charge that has never been made." No charge of extortion, he said, had been lodged against the retailer. Suggesting a select committee to obtain the information desired by the Senator from Oklahoma, Mr. Bailey said he did not wish to make any charge against the republican members of the committee on finance as the committee adopted a rule that the democratic members might employ all the experts they wanted. "They," said Mr. Bailey, "are bad enough at best and I am not willing to charge them with being worse than they are."

Gore Has Ready Refute.

At times provoking much merriment with his ready retort and denouncing protective tariff policy, Mr. Gore spoke until 2 o'clock when under the rules of the senate, the unfinished business, which was the tariff bill was to be taken up. Before that was done in response to an appeal from Mr. Bailey the senate agreed to vote on Mr. Gore's resolution amended as suggested by Mr. Bailey, so as to require the appointment of a select committee of four republican and three democratic senators to conduct the investigation asked for and by a vote of 50 to 29, it was referred to the committee on finance. Senators Bristow, Crawford and La Follette voting "no" with the democrats.

Oil Men Jubilant.

The company of local capitalists who have an oil lease near Okmulgee are elated today over the report that a stream of oil is flowing across their claim that would float a steamboat. George Thompson is at the head of the enterprise and his associates assert that they expect to procure a court order changing his initials to J. D. When the family becomes accustomed to that they will then substitute Rockefeller for Thompson, when the evolution will be complete.

BUYS BACK HIS CHILDREN.

Four Sons Are Mortgaged to Raise Money on Which to Reach America.

Spokane, Wash., May 18.—When Daniel Mann, a farm laborer, employed by John Kraush on his Moran Prairie ranch, five miles from Spokane, cabled a money order for \$1,200 to Genoa, Italy, today, he released his four sons, ranging from 20 to nine years of age, held there as security for funds he borrowed several months ago to bring his wife and four daughters to Spokane. Prominent residents of Spokane county have interested themselves in the case, and they say if a settlement is not made by a steamship agency at Bremen that suit will be instituted to recover damages.

Briefly told, Mann's story is that he and his family of 10 left the village of Kurska, Russia, on October 3, 1908, for Germany, intending to sail from Bremen to New York and travel thence by rail to eastern Washington and that when they reached the sailing point the steamship agent induced them through misrepresentation to go to Brazil; that they were forcibly detained in an immigrant house in the forest near Prosttenort, where one of the children died, and finally he was swindled out of \$1,000, the savings of a life-time of toil in the Czar's land. They managed to reach Genoa, where he was forced to leave four sons as a guarantee to repay money advanced by Michael Loufti, who took pity on the family's plight.

"We found thousands of men, women and children on the densely timbered and rock lands in Brazil bewailing their fate," Mann said. "Like ourselves, they were immigrants from Europe. We were warned there not to tell any one about the real condition of the country, and in fact, we were told that death by hanging was penalty for saying anything about what we saw and the way we were treated by the officials in the immigrant house. I was told that a dozen others had been executed for disobeying this injunction."

AN ADDITIONAL ARREST.

Mack Lee Is the Latest Addition to the Suspects in Scribner Case.

Late yesterday afternoon Mack Lee, of near Citra, was arrested and placed in jail on a warrant connecting him, it is supposed, with the Scribner and Putnam murder cases. It appears from the best information obtainable, that these two cases are now inseparable, that is that the murder of Mrs. Frank Scribner grew out of the murder of Zeke Putnam, and is only a sequel to it. Information that sifts through from a grand jury room is always meager, but the current information is that the two cases are connected, whoever may prove to be guilty. Various theories have been advanced as to the possible guilt of various parties, but certain it is that the grand jury's investigations will be interesting when made public, for the reason that these are noted cases in which the whole community is much interested. If it should develop that those who are in jail on the charge of murdering Mrs. Scribner are also guilty of the murder of Putnam, then the murder of Mrs. Scribner will be plain enough, for the reason that in all likelihood she had become informed as to the facts in the Putnam case.

Mack Lee is a well to do farmer and stock man of the Citra community, is a director in the Farmers State Bank, of this city, and a son-in-law of R. C. Couch. Just what connection he is charged of having had with the cases is not definitely known at this time.

School Exhibit.

There is an exhibition at the old Cox-Green-McDonald stand on Main street a complete exhibition of work accomplished by the students of the city schools during the last term. The exhibition consists of art, maps and written work entirely and is a credit to the school pupils of this city. Go out and see the exhibit and learn what the schools have been doing.

"Specialist in good clothes for men and young men"

So They Say.

Charles N. Haskell once chased a man with a pitchfork, according to a historical sketch in the Muskogee Phoenix. He was then fourteen years of age and ambitious to secure an education. His guardian, a stern old man, thought only of young Haskell's ability to perform manual labor and went to the extreme of applying the switch to his ward when discovered at study. Aided and encouraged by his foster mother, however, young Haskell finally stood the examination to become teacher of a country school. It was when this fact became known to the old farmer that Haskell had to defend his back from a blacksnake whip by chasing his father around the barn with a bay fork. That ended his life as a scape goat and was the beginning of a hard uphill struggle to make a man—a governor.

Ever

since that time Haskell has been chasing the fellow who was seeking an undue advantage over the weak. Designs for the coal dust bins have been completed and construction will begin immediately. March 26, 1904, at the Postoffice at
Ada, Okla., under the Act of Congress of March 3, 1879.**OUR GUTHRIE CORRESPONDENT**

Guthrie, May 18.—At the earnest solicitation of many prominent Republicans and democrats, Leo Meyer, assistant secretary of state, has caused to be printed the Taylor election law amendments and those parts of the old election law that were not repealed.

A silly attack was made upon Mr. Meyer by this morning's state Capital because of this fact. The article in question objects to this because the tax payers must pay the bill. Nothing is of more importance to the tax payers than a knowledge of this and other important laws and it is an imperative duty of Mr. Meyer to let the people know the exact truth in regard to these much discussed amendments. There are within the State of Oklahoma nearly 8,000 election officers who have had no other means of knowing what the law is except the newspaper reports, many of which were entirely misleading. The secretary of state is the custodian of all laws, passed by the legislature, and Mr. Meyer was assuming no authority in compiling the election law for the election officers and tax payers but was merely transacting his sworn duty.

This is the same tactics that was pursued by the State Capital and kindred publications after the constitutional convention in order to discredit the constitution. Every one remembers how the State Capital continually asked the question "Which constitution are you going to vote upon, the real constitution or the one Cuckle Burr Bill carries in his hip pocket and changes at his will, or the one passed by the convention?" Now they ask "Which law are you voting upon, the one passed by the legislature or the one being compiled by Secretary Meyer?" Once they said the citizens of the state are being hoodwinked by the democrats by being given a spurious copy of the constitution to discuss in which they have eliminated the objectionable points. Now they say the people are being imposed upon by democratic officers by being given a doctored copy of the election law eliminating the objectionable features. The esteemed Capital and all lesser liars are entitled to the same consideration now that they were succeeding the constitutional convention, except that then their reputation for truth and veracity was not quite so utter-

ly annihilated as it now is. The copy of the law prepared by Mr. Meyer is the law democratic officials have never mislead the people and do not intend to. This is merely an attempt on the part of the State Capital to try to cover up the lies it has already told.

A session of the Interstate commerce commission will be held at Oklahoma City May 20th to consider a complaint made by the corporation commission in the matter of an overcharge of lumber shipped to the Crawford-Roberson Lumber Co. of Duncan, Okla. The overcharge is alleged to be over \$2000.

Jack Love, chairman of the corporation commission will deliver an address before the Grain Dealers Association of Oklahoma City tomorrow. His address will be on the subject of railroad rates.

The attempt on the part of the federal government to persecute Gov. Haskell and his associates is being severely criticised here. The latest move, that of dismissing a grand jury because they failed to see enough evidence to warrant a true bill, and the summoning of another grand jury in the hope that it will be more belligerent is regarded by many as an unwarranted and tyrannical action. Every attempt of this character serves to strengthen the governor's hold upon the affection of the people, and even though the federal government succeeds in finding a jury that will finally do the will of the prosecutors in this matter, there is no fear of an ultimate conviction.

The board of regents of the Girls' Industrial school will meet at Chickasha on Thursday and Friday for the purpose of selecting a site for the school and electing the faculty for the coming year.

School Men Notice.**To County Superintendents:**

In the Matter of School levies for 1909, Sec. 2, Article 8, House Bill 123, approved March 10, provides as follows:

"All levies for cities, towns and townships and school district taxes for the periods hereinbefore indicated shall be made in the manner provided by law on or before the second Monday in July of each year, and shall be certified to the county clerk immediately thereafter, and by him extended upon the tax rolls in the manner provided by law."

It is, therefore, not necessary that the school districts make the 1909 levy at the annual school meeting, which is to be held June 1st. By deferring the making of this levy until the second Monday in July the County Clerk will be enabled to certify to the clerks of the various school districts the total equalized valuations for the year 1909 which will give the district board definite information that they may determine the exact amount of the levy required to raise funds for the ensuing year. Please advise each school district, therefore, to arrange for an adjourned meeting on the second Monday in July for the purpose of fixing the annual school levy.

One Dollar Will Make You Two in Glenwood

The Big Fortunes in Oklahoma have been made in City Property--not in one city alone but in dozens of them. Ada is a comer--come along

The splendid growth of Ada is creating a constant demand for resident lots. This reason impels us to place on the market the beautifully located

Glenwood Addition

Located on the North side of Main street, four blocks west from business on high, well drained ground overlooking Glenwood Park to which the city has a deed and will immediately proceed to beautify with grassy lawns, flower beds, graveled drives, shade trees, rustic bridges, a lake, pavilion, etc., making it the

Beauty Spot of Ada

and Glenwood Addition the choicest residence section. The great argument used by cities in favor of the creation of parks is that it doubles the value of real estate in the vicinity, thus giving enough increased assessable values to take care of the cost.

The money is in the City Treasury to make these park improvements and when they are completed you will see a rapid rise in Glenwood lot prices.

Buy Now

and get the advantage of the increase

Don't Wait

to see if these things are going to happen for if you do prices may be out of your reach and you will have lost another opportunity.

No Matter

Where the various industries may locate you are central and not dependent upon any single one but have the entire city behind your property value. The best property is close in property and especially where it is as good as the best and as cheap as the far out property.

This is the last opportunity for the better class of people of limited means to secure a choice home site close in for a small amount of money.

"A prophet is not without honor save in his own country and in his own house."

So it is with many of the people of Ada, they do not appreciate or realize what we already have behind our city nor the varied and substantial resources we have upon which to base our future growth.

No City in Oklahoma

of double the population of Ada can show as large a pay roll.

The inspector for one of the leading city loan companies remarked to the writer a few days ago that nowhere in Oklahoma in towns of similar size to Ada was property as cheap and that an increase in values was sure to come.

Ada has never been advertised but its light will not always be hid under the half bushel. The city is beginning to be talked about as one of the good cities of the state with a bright future.

SOMEWHERE in southeast Oklahoma a large city is going to be built. Study your map and you will find that Ada has the advantage of location. Nature gave it to her. The ride between the two Bogies and Sandy gave us the Frisco. Being at the head of Boggy gave us the Katy and the gap south of town gave us the Oklahoma Central. We are in the pathway to the coal and the gulf. Other roads will come because of what we have. Factories will come because of our railroads and raw material. Wholesale houses will come because they can reach more customers out of Ada than elsewhere. History will repeat itself here the same as in other new countries. Its merely the law of supply and demand—that of supplying the demands of each section through these centers of distribution.

More good things are looming up—the impetus is gathering that will whoop along the growth of Ada and make its property owners rich. It will be your own fault if you are not one of them. Glenwood lots are within the reach of all and your profit is certain. Don't miss this opportunity.

POLITICS AND POLITICIANS

Cone Johnson, for many years prominent in Texas political affairs, has announced intention to become a candidate for the governorship.

T. J. Akens, for a number of years republican state chairman of Missouri, has been appointed postmaster of St. Louis.

The inauguration of Governor Brown of Georgia probably will take place on Saturday, June 26, three days after the legislature convenes.

The nomination of Theodore Roosevelt for mayor of New York City is proposed by Gen. Stewart L. Woodford, diplomatist and ex-minister to Spain.

Howard G. Cosgrove, son of the late Gov. Samuel G. Cosgrove of Washington, has been appointed a member of the board of regents of the University of Washington.

Ex-Governor Robert Lowry of Mississippi, who has been seriously ill for some time, is reported on the road to recovery. Gov. Lowry, who is nearly eighty years old, retired from public life several years ago.

The West Virginia cities of Charleston, Huntington and Bluefield are going to experiment with municipal governments under a bi-partisan form of administration, following the so-called Galveston plan with some modifications.

Liquor drinking politicians are barred from holding office under the Stubbs administration in Kansas. The governor has notified all subordinate officials that indulgence in liquor will be considered sufficient cause for dismissal from office.

Republican politicians in Virginia are considerably disturbed over the gubernatorial situation. A. P. Gillespie of Tazewell, who was expected to become the candidate for governor, has notified his friends that his private affairs will not permit him to accept the nomination.

Charles H. Mills of Corsicana is expected to enter the gubernatorial race in Texas. Mr. Mills is the son of Hon. Roger Q. Mills, former United States senator, and has very pronounced views upon the subject of government and public service which he has not hesitated to express upon occasion.

Richard E. Sloan, the new governor of Arizona, is a resident of Pres-

cott. Previous to assuming his present position, he was associate justice of the supreme court of Arizona. He was born in Preble county, Ohio, in 1857, and is a graduate of the Cincinnati university law school.

War has been declared upon Senator Eugene Hale by a strong faction in the republican organization in Maine, and there appears to be a possibility that he will be defeated for re-election. Senator Hale is the oldest member in the United States senate in point of service, and one of the oldest in years. He is one of the acknowledged leaders of the upper house, being the head of the all-important committee on appropriations.

Notice to Contractors.

The incorporated City of Ada, Oklahoma, will receive sealed bids until six o'clock P. M. May 31, 1901, at the office of W. H. Jones, City Clerk of the City of Ada, Oklahoma, for the construction of extensions to the water works system. The work covered by the proposal will consist of laying complete 16,100 feet 4 inch Universal Pipe, setting all hydrants, valves and fittings taking up and relining 1140 feet 2 inch Universal pipe, all to be done in accordance with plans and specifications prepared by the city engineer and now on file in his office and in the office of the city clerk. Each bid must be accompanied by a certified check, equal to five per cent of the bid, which check will be forfeited to said city in the event of the successful bidder failing to enter into contract and execute a construction bond that is satisfactory to the Mayor and city council within the time as given in the proposal. All bids submitted to the council must be made upon blanks furnished by the city engineer. The suc-

cessful bidder shall be required to execute unto said city a good and sufficient bond, equal to 30 per cent of the contract price to guarantee the faithful performance of said work. Four per cent of said contract price shall be paid unto said city for engineering expenses. The said City council reserves the right to reject any or all bids, to waive defects and to accept any bid. W. H. Jones, 44-101 City Clerk.

ADA, OKLAHOMA, WEDNESDAY EVENING, MAY 19, 1909

NUMBER 45

GREGG AND RUSH ARE EXPOSED

CHARGED WITH HAVING TRIED TO INTIMIDATE AND COERCER GRAND JURY.

CASE OF POLITICAL PERSECUTION

Gregg Has Stated that He Was After Haskell and Associates and That No Others Would Suffer.

Tulsa, Ok., May 18.—A sensational allegation concerning the official conduct of Sylvester R. Rush, special assistant to the attorney general, and United States District Attorney Gregg of the Eastern district of Oklahoma are made in two petitions filed in the federal court here this afternoon connection with the Muskogee town of fraud cases.

One of the petitions is signed by certain members of the grand jury that was discharged Saturday last by Judge John A. Marshall upon the motion of District Attorney Gregg, who asserted that the jury had been subjected to improper influences. This petition refutes this charge and in turn makes serious charges against both Messrs. Gregg and Rush.

It alleges that in the misconduct before the jury efforts to intimidate and coerce the jury to return an indictment against Governor Charles N. Haskell and the other defendants regardless and contrary to the proof presented, and petitions the court to investigate the juror's allegations.

Defendants also filed a response to the motion of district Attorney Gregg, disputing the charges of improper influence. This response alleges misconduct upon the part of Gregg, asserting that he has used the Tulsa World, of which he is stated to be a part owner, to mold sentiment and prejudice the court and grand jury against the defendants; that he stated that he was after Haskell and associates; that no one else would be prosecuted; that he stated to Mr. Allen of Muskogee that he was a personal enemy of William T. Hutchings and would send him to the penitentiary at all hazards; that Gregg's partners in the Tulsa World had stated to a prominent merchant of Tulsa that it was a political prosecution started by William R. Hearst, the New York editor, and by Theodore Roosevelt against Governor Haskell. The allegations are said to prove their claim that Gregg is an improper person to conduct the present prosecution before the grand jury.

The discharged grand jurors signing the petition were: G. W. Laws, of Broken Arrow; A. Y. Boswell, Tulsa; Harley Haskings, Okmulgee; P. W. Cunningham, Weleetka; John T. Brown, Bristow; A. L. Rogers, R. Gilliland and G. W. Thompson, of Fort Gibson; and J. A. Todd of Muskogee.

The defendants signing second petition were Governor Haskell, C. W. Turner, W. R. Eaton, W. T. Hutchings, Fred Zevers, A. Z. England and Jesse Hill.

NIGHT RIDERS GET BUSY IN OKLAHOMA

SEEK TO ESTABLISH THEIR OWN TERMS ON RENTAL CONTRACTS.

Eight men are held and warrants are out for twelve more.

purcell, Okla., May 18.—Following a change of venue from the county court to a justice court in the township in which the town of Purdy is situated, granted today to eight men charged with being members of an organized band of night riders, County Attorney Benjamin Franklin issued warrants for twelve other men believed to be members of the organization. Arrests will be made tomorrow. They all reside in the vicinity of Purdy, twenty miles west of here. The eight men were arrested ten days ago. They are to be arraigned Friday at Purdy.

County Is Infested.

That McLain county is infested with one of the worst gangs of night riders in the south is the belief of County Attorney Franklin, whose hands have been filled with letters of a threatening nature and to whose office have come reports of houses burned, men and women frightened and serious depredations of property. He declared today that other warrants may be issued this week and that he has evidence to prove that a hundred men are in the night rider organization.

The threatening letters exhibited have all been printed either with a pen or pen and appear to be the work of the same hand. The most serious ones relate to the renting of lands, demanding a basis of rental and that certain tracts shall or shall not be rented to certain individuals. One of these letters Mr. Franklin exhibited today. It is addressed to F. R. Jones, a farmer residing near Purdy, and is as follows:

"Don't you rent your place to any one but Spencer. He wants the place if you don't let him have the place we will take your scalp. We will hang you to a limb and shoot your body full of holes. Now, damn you, walk straight, deal honest and you will be all right. Spencer must and shall have the place. We mean what we say.

NIGHT RIDERS."

Community Terrified.

Letters in a similar vein have been addressed to other men in the community. The eight men arrested ten days ago had charges made against them by Robert Brown and J. R. Worley, who have given the county attorney many clues to be employed in the prosecution. Since the men were arrested both Brown and Worley have been warned to leave the state. Their lives have been threatened and a situation resembling the beginning of a reign of terror exists in the community.

Closing of the Public Schools.

Last night at the Airdome was given the first of the series of entertainments for the closing of the public schools. The grade entertainment was a decided success both financially and otherwise. The little folks did credit to themselves and also to their teachers and their parents. The ease and grace with the more than two hundred children taking part in the program acquitted themselves showed careful preparation on the part of the teachers. The costumes indicated painstaking care on the part of the mothers. The program consisted of choruses, recitations, dialogues, costume songs, a drill, a play, a short lecture and a pantomime. Mrs. Shanafelt and Miss Lucas furnished the music. Prof. Kennedy and Miss Pearl Hendrix with a number of pupils of Collins Institute were the guests of the public schools at the entertainment.

J. B. Giles Returns.

J. B. Giles, who has been in a Fort Worth, Tex., hospital for several days returned to his home in Ada yesterday. Mr. Giles, while away, was operated on for abscess of the liver. The operation was a complete success and he is back home a new man, sound and well.

Charlie Smith has returned from Southern Texas where he has been recuperating for several months. He will serve his many friends at the postoffice for a while.

SENATOR GORE WANTS THE PEOPLE TO KNOW

COMMITTEE ON FINANCE SHOULD ASCERTAIN THE CAUSE OF EXORBITANT PRICES.

Resolution Is Introduced Which Would Cause More or Less Ex- citemen in Financial Circles.

Washington, May 18.—Senator Gore's resolution directing the committee on finance to conduct an investigation into wholesale and retail prices of commodities was discussed before the senate today at some length. Seeking to have the resolution adopted, Mr. Gore said he wished to have statements concerning the exorbitant prices of retail dealers fully probed, so that the country might know just where the responsibility for high prices rested.

Senator Aldrich said it was evident that such an investigation as that contemplated by the resolution could not be conducted before the pending tariff bill was disposed of, but he had no objection to such an investigation being undertaken. Senator Carter pointed out that in doing this work the Finance Committee would necessarily investigate the same ground which the proposed tariff commission would cover.

Cotton Manufacturers.

That the cotton manufacturers sell their products with an agreement as to the price at which they are to be sold at retail was the substance of a charge made by Mr. Owen. Demanding proof of this assertion, Mr. Gallinger said that what the country is demanding is prompt action on the tariff bill. He added that it had been asserted that the business interests of this country were losing \$10,000,000 a day by the holding up of the tariff bill. Referring to the pledge of the republican party to make the tariff rates equal to the difference in cost of production here and abroad, Mr. Owen said it was the duty of the majority to inform the senate as to what that difference was.

Mr. Aldrich replied that the committee had done much to furnish such facts, but the Oklahoma senator contended there was no available information of the kind wanted.

Carter Urges Speed.

Mr. Carter made an impassioned appeal for a business-like proceeding. Every morning, he said, "some Senator arises in his place here to defend the country merchant from a charge that has never been made." No charge of extortion, he said, had been lodged against the retailer. Suggesting a select committee to obtain the information desired by the Senator from Oklahoma, Mr. Bailey said he did not wish to make any charge against the republican members of the committee on finance as the committee adopted a rule that the democratic members might employ all the experts they wanted. "They," said Mr. Bailey, "are bad enough at best and I am not willing to charge them with being worse than they are."

Gore Has Ready Retort.

At times provoking much merriment with his ready retort and denouncing protective tariff policy, Mr. Gore spoke until 2 o'clock when under the rules of the senate, the unfinished business, which was the tariff bill was to be taken up. Before that was done in response to an appeal from Mr. Bailey the senate agreed to vote on Mr. Gore's resolution amended as suggested by Mr. Bailey, so as to require the appointment of a select committee of four republican and three democratic senators to conduct the investigation asked for and by a vote of 50 to 29, it was referred to the committee on finance. Senators Bristow, Crawford and La Follette voting "no" with the democrats.

Oil Men Jubilant.

The company of local capitalists who have an oil lease near Okmulgee are elated today over the report that a stream of oil is flowing across their claim that would float a steamboat. George Thompson is at the head of the enterprise and his associates assert that they expect to procure a court order changing his initials to J. D. When the family becomes accustomed to that they will then substitute Rockefeller for Thompson, when the evolution will be complete.

BUYS BACK HIS CHILDREN.

Four Sons Are Mortgaged to Raise Money on Which to Reach America.

Spokane, Wash., May 18.—When Daniel Mann, a farm laborer, employed by John Kranish on his Moran Prairie ranch, five miles from Spokane, cabled a money order for \$1,200 to Genoa, Italy, today, he released his four sons, ranging from 20 to nine years of age, held there as security for funds he borrowed several months ago to bring his wife and four daughters to Spokane. Prominent residents of Spokane county have interested themselves in the case, and they say if a settlement is not made by a steamship agency at Bremen that suit will be instituted to recover damages.

Briefly told, Mann's story is that he and his family of 10 left the village of Kurska, Russia, on October 3, 1908, for Germany, intending to sail from Bremen to New York and travel thence by rail to eastern Washington and that when they reached the sailing point the steamship agent induced them through misrepresentation to go to Brazil; that they were forcibly detained in an immigrant house in the forest near Prostendorf, where one of the children died, and finally he was swindled out of \$1,000, the savings of a lifetime of toil in the Czar's land. They managed to reach Genoa, where he was forced to leave four sons as a guarantee to repay money advanced by Michael Loufli, who took pity on the family's plight.

"We found thousands of men, women and children on the densely timbered and rock lands in Brazil bewailing their fate," Mann said. "Like ourselves, they were immigrants from Europe. We were warned there not to tell any one about the real condition of the country, and, in fact, we were told that death by hanging was penalty for saying anything about what we saw and the way we were treated by the officials in the immigrant house. I was told that a dozen others had been executed for disobeying this injunction."

AN ADDITIONAL ARREST.

Mack Lee Is the Latest Addition to the Suspects in Scribner Case.

Late yesterday afternoon Mack Lee, of near Citra, was arrested and placed in jail on a warrant connecting him, it is supposed, with the Scribner and Putnam murder cases. It appears from the best information obtainable, that these two cases are now inseparable, that is that the murder of Mrs. Frank Scribner grew out of the murder of Zeke Putnam, and is only a sequel to it. Information that sifts through a grand jury room is always meagre, but the current information is that the two cases are connected, whoever may prove to be guilty. Various theories have been advanced as to the possible guilt of various parties, but certain it is that the grand jury's investigations will be interesting when made public, for the reason that these are noted cases in which the whole community is much interested. If it should develop that those who are in jail on the charge of murdering Mrs. Scribner are also guilty of the murder of Putnam, then the murder of Mrs. Scribner will be plain enough, for the reason that in all likelihood she had become informed as to the facts in the Putnam case.

Mack Lee is a well to do farmer and stock man of the Citra community, is a director in the Farmers State Bank of this city, and a son-in-law of R. C. Couch. Just what connection he is charged with having had with the cases is not definitely known at this time.

School Exhibit.

There is an exhibition at the old Cox-Greer-McDonald stand on Main street a complete exhibition of work accomplished by the students of the city schools during the last term. The exhibition consists of art, maps and written work entirely and is a credit to the school pupils of this city. Go out and see the exhibit and learn what the schools have been doing.

So They Say.

Charles N. Haskell once chased a man with a pitchfork, according to a historical sketch in the Muskogee Phoenix. He was then fourteen years of age and ambitious to secure an education. His guardian, a stern old man, thought only of young Haskell's ability to perform manual labor and went to the extreme of applying the switch to his ward when discovered at study. Alarmed and encouraged by his foster mother, however, young Haskell finally stood the examination to become teacher of a country school. It was when this fact became known to the old farmer that Haskell had to defend his back from a blacksnake whip by chasing his father around the barn with a hay fork. That ended his life as a scapegoat and was the beginning of a hard uphill struggle to make a man—a governor.

Ever since that time Haskell has been chasing the fellow who was seeking an undue advantage over the weak.

**OUR GUTHRIE CORRESPONDENT**

Guthrie, May 18.—At the earnest solicitation of many prominent republicans and democrats, Leo Meyer, assistant secretary of state, has caused to be printed the Taylor election law amendments and those parts of the old election law that were not repealed.

A silly attack was made upon Mr. Meyer by this morning's state Capital because of this fact. The article in question objects to this because the tax payers must pay the bill. Nothing is of more importance to the tax payers than a knowledge of this and other important laws and it is an imperative duty of Mr. Meyer to let the people know the exact truth in regard to these much discussed amendments. There are within the State of Oklahoma nearly 8,000 election officers who have had no other means of knowing what the law is except the newspaper reports, many of which were entirely misleading. The secretary of state is the custodian of all laws, passed by the legislature, and Mr. Meyer was assuming no authority in compiling the election law for the election officers and tax payers but was merely transacting his sworn duty.

This is the same tactics that was pursued by the State Capital and kindred publications after the constitutional convention in order to discredit the constitution. Every one remembers how the State Capital continually asked the question "Which constitution are you going to vote upon, the real constitution or the one Cuckle Burr Bill carries in his hip pocket and changes at his will, or the one passed by the convention." Now they ask "Which law are you voting upon, the one passed by the legislature or the one being compiled by Secretary Meyer?" Once they said the citizens of the state are being buoed by the democrats by being given a spurious copy of the constitution to discuss in which they have eliminated the objectionable points. Now they say the people are being imposed upon by democratic officers by being given a doctored copy of the election law eliminating the objectionable features. The esteemed Capital and all lesser liars are entitled to the same consideration now that they were succeeding the constitutional convention, except that then their reputation for truth and veracity was not quite so utter-

ly annihilated as it now is. The copy of the law prepared by Mr. Meyer is the law democratic officials have never mislead the people and do not intend to. This is merely an attempt on the part of the State Capital to try to cover up the lies it has already told.

A session of the interstate commerce commission will be held at Oklahoma City May 20th to consider a complaint made by the corporation commission in the matter of an overcharge of lumber shipped to the Crawford-Roberson "Lumber Co." of Duncan, Okla. The overcharge is alleged to be over \$2600.

Jack Love, chairman of the corporation commission will deliver an address before the Grain Dealers Association at Oklahoma City tomorrow. His address will be on the subject of railroad rates.

The attempt on the part of the federal government to persecute Gov. Haskell and his associates is being severely criticised here. The latest move, that of dismissing a grand jury because they failed to see enough evidence to warrant a true bill, and the summoning of another grand jury in the hope that it will be more bailable is regarded by many as an unwarranted and tyrannical action. Every attempt of this character serves to strengthen the governor's hold upon the affection of the people, and even though the federal government succeeds in finding a jury that will finally do the will of the prosecutors in this matter, there is no fear of an ultimate conviction.

School Men Notice.

To County Superintendents:
In the Matter of School Levies for 1909, Sec. 3, Article A. House Bill 168, approved March 10, provides as follows:

"All levies for cities, towns and townships and school district taxes, for the periods hereinbefore indicated, shall be made in the manner provided by law on or before the second Monday in July of each year, and shall be certified to the county clerk immediately thereafter, and by him, extended upon the tax rolls in the manner provided by law." It is, therefore, not necessary that the school districts make the 1909 levy at the annual school meeting, which is to be held June 1st. By deferring the making of this levy until the second Monday in July the County Clerk will be enabled to certify to the clerks of the various school districts the total equalized valuations for the year 1909 which will give the district board definite information that they may determine the exact amount of the levy required to raise funds for the ensuing year. Please advise each school district, therefore, to arrange for an adjourned meeting on the second Monday in July for the purpose of fixing the annual school levy.

Deafness Cannot Be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing and when it is entirely closed deafness is the result and unless the inflammation can be taken out and this tube restored to its normal condition hearing will be destroyed forever. One Dollar Will Make You Two in Glenwood

The Big Fortunes in Oklahoma have been made in City Property--not in one city alone but in dozens of them. Ada is a comer--come along

The splendid growth of Ada is creating a constant demand for resident lots. This reason impels us to place on the market the beautifully located

Glenwood Addition

Located on the North side of Main street, four blocks west from business on high, well drained ground overlooking Glenwood Park to which the city has a deed and will immediately proceed to beautify with grassy lawns, flower beds, graveled drives, shade trees, rustic bridges, a lake, pavilion, etc., making it the

Beauty Spot of Ada

and Glenwood Addition the choicest residence section. The great argument used by cities in favor of the creation of parks is that it doubles the value of real estate in the vicinity, thus giving enough increased assessable values to take care of the cost.

The money is in the City Treasury to make these park improvements and when they are completed you will see a rapid rise in Glenwood lot prices.

Buy Now

and get the advantage of the increase

Don't Wait

to see if these things are going to happen for if you do prices may be out of your reach and you will have lost another opportunity.

No Matter

Where the various industries may locate you are central and not dependent upon any single one but have the entire city behind your property value. The best property is close in property and especially where it is as good as the best and as cheap as the far out property.

This is the last opportunity for the better class of people of limited means to secure a choice home site close in for a small amount of money.

"A prophet is not without honor save in his own country and in his own house."

So it is with many of the people of Ada, they do not appreciate or realize what we already have behind our city nor the varied and substantial resources we have upon which to base our future growth.

No City in Oklahoma

of double the population of Ada can show as large a pay roll.

The inspector for one of the leading city loan companies remarked to the writer a few days ago that nowhere in Oklahoma in towns of similar size to Ada was property as cheap and that an increase in values was sure to come.

Ada has never been advertised but its light will not always be hid under the half bushel. The city is beginning to be talked about as one of the goodcities of the state with a bright future.

SOMEWHERE in southeast Oklahoma a large city is going to be built. Study your map and you will find that Ada has the advantage of location. Nature gave it to her. The ride between the two Boggies and Sandy gave us the Frisco. Being at the head of Boggy gave us the Katy and the gap south of town gave us the Oklahoma Central. We are in the pathway to the coal and the gulf. Other roads will come because of what we have. Factories will come because of our railroads and raw material. Wholesale houses will come because they can reach more customers out of Ada than elsewhere. History will repeat itself here the same as in other new countries. Its merely the law of supply and demand—that of supplying the demands of each section through these centers of distribution.

More good things are looming up—the impetus is gathering that will whoop along the growth of Ada and make its property owners rich. It will be your own fault if you are not one of them. Glenwood lots are within the reach of all and your profit is certain. Don't miss this opportunity.

PRICES \$75.00 to \$175.00. CORNERS \$25.00 ADDITIONAL.

One Dollar Will Make You Two in Glenwood. Lots Sold on Monthly Payments.

POLITICS AND POLITICIANS

Cone Johnson, for many years prominent in Texas political affairs, has announced intention to become a candidate for the governorship.

T J Akins, for a number of years republican state chairman of Missouri, has been appointed postmaster of St. Louis.

The inauguration of Governor Brown of Georgia probably will take place on Saturday, June 26, three days after the legislature convenes.

The nomination of Theodore Roosevelt for mayor of New York City is proposed by Gen. Stewart L. Woodford, diplomatist and ex-minister to Spain.

Howard G. Cosgrove, son of the late Gov. Samuel G. Cosgrove of Washington, has been appointed a member of the board of regents of the University of Washington.

Ex-Governor Robert Lowry of Mississippi, who has been seriously ill for some time, is reported on the road to recovery. Gov. Lowry, who is nearly eighty years old, retired from public life several years ago.

The West Virginia cities of Charleston, Huntington and Bluefield are going to experiment with municipal governments under a bi-partisan form of administration, following the so-called Galveston plan with some modifications.

Liquor drinking politicians are barred from holding office under the Stubbs administration in Kansas. The governor has notified all subordinate officials that indulgence in liquor will be considered sufficient cause for dismissal from office.

Republican politicians in Virginia are considerably disturbed over the gubernatorial situation. A. P. Gillespie of Tazewell, who was expected to become the candidate for governor, has notified his friends that his private affairs will not permit him to accept the nomination.

Charles H. Mills of Corsicana is expected to enter the gubernatorial race in Texas. Mr. Mills is the son of Hon. Roger Q. Mills, former United States senator, and has very pronounced views upon the subject of government and public service which he has not hesitated to express upon occasion.

Richard E. Sloan, the new governor of Arizona, is a resident of Pres-

cott. Previous to assuming his present position, he was associate justice of the supreme court of Arizona. He was born in Preble county, Ohio, in 1857, and is a graduate of the Cincinnati university law school.

War has been declared upon Senator Eugene Hale by a strong faction in the republican organization in Maine, and there appears to be a possibility that he will be defeated for re-election. Senator Hale is the oldest member in the United States senate in point of service, and one of the oldest in years. He is one of the acknowledged leaders of the upper house, being the head of the all-important committee on appropriations.

Notice to Contractors.

The incorporated City of Ada, Oklahoma, will receive sealed bids until six o'clock P. M., May 31, 1901, at the office of W. H. Jones, City Clerk of the City of Ada, Oklahoma, for the construction of extensions to the water works system. The work covered by the proposal will consist of laying complete 16,160 feet 4 inch Universal Pipe, setting all hydrants, valves and fittings taking up and relaying 1140 feet 2 inch Universal pipe, all to be done in accordance with plans and specifications prepared by the city engineer and now on file in his office and in the office of the city clerk. Each bid must be accompanied by a certified check, equal to five per cent of the bid, which check will be forfeited to said city in the event of the successful bidder failing to enter into contract and execute a construction bond that is satisfactory to the Mayor and city council within the time as given in the proposal. All bids submitted to the council must be made upon blanks furnished by the city engineer. The suc-

cessful bidder shall be required to execute unto said city a good and sufficient bond, equal to 30 per cent of the contract price to guarantee the faithful performance of said work. Four per cent of said contract price shall be paid unto said city for engineering expenses. The said City council reserves the right to reject any or all bids, to waive defects and to accept any bid. W. H. Jones, 41-101
City Clerk.
